# Coordinated School Health Conference

***We're all in this together!***

**December 3-5, 2009 Lodge of Four Seasons Resort**  
**Lake Ozark, Missouri**

Provided by the Missouri Coordinated School Health Coalition  
and St. Louis University, School of Nursing

## Registration

Registration for the pre-conference workshops on December 3rd is \$50.00. This includes workshop materials. **Early Bird registration** for the conference on December 4th and December 5th is \$120.00. Registration and payment must be received **before Saturday, November 7th** to qualify for the Early Bird Rate. The regular rate of registration for those registering November 7th or after will be \$140.00. Full time students (enrolled in 12 hours & with proof of registration) can enroll for a fee of \$50. Registration costs includes conference materials, continental breakfast, lunch on Friday and continental breakfast on Saturday.

## Cancellations/ Substitutions

Full refunds of conference fees, less a \$15 processing fee, will be granted if **WRITTEN** notice of cancellation is received at the Office of Steiner and Associates with a postmark NO later than November 6, 2009. After November 6, 2009, NO refunds will be given. However, substitutions are encouraged and are permitted. To authorize a substitute in your place, you will need to notify Steiner and Associates prior to the conference date. **All cancellations and substitutions notifications must be submitted in writing.** Should the conference be canceled due to inclement weather, full refunds will be given. Should registrants need to cancel due to inclement weather, but the conference has not been canceled, with written notification received by December 31, 2009, they will receive a voucher for a 50% credit of what was paid, to be used for the 2010 Conference. If the weather is questionable, please call Steiner and Associates at 573-489-0622 or check the MCSHC's web site at [www.healthykidsmo.org](http://www.healthykidsmo.org).

## Keynote Speakers

### *William Elder*

William Elder, Ph.D., Director, Office of Social and Economic Data Analysis (OSED), University of Missouri-Columbia. Bill's doctorate is in Rural Sociology from MU and his areas of interest are social change, communities and public policy particularly public education. He is a former National Library of Medicine Fellow in Health Informatics. At OSED Bill is responsible for program leadership and works projects concerning demographics, public school improvement, community information systems and program evaluation. He has authored dozens of articles and reports many available on the OSED web-page.

### *Barbara Flis*

Barbara Flis founded Parent Action for Healthy Kids. She is a nationally recognized expert in teen pregnancy prevention and parent education with more than 15 years of experience working with school districts and teachers in the areas of health, HIV and sexuality education. Flis is the Chair of the Schools Committee for the Michigan Surgeon Generals' *Michigan Steps Up* Campaign and is a member of the Core Team for the American Cancer Society Coordinated School Health Leadership Training Institute. Her work coordinating Michigan Governor's *Talk Early & Talk Often* program has been cited in national press including *Newsweek Magazine*.

### **William Potts Datema**

William Potts Datema serves as Chief of the Program Development and Services Branch (PDSB) of the U.S. Centers for Disease Control and Prevention, Division of Adolescent and School Health (CDC-DASH). PDSB works to improve adolescent and school health outcomes nationwide through cooperative agreements and technical assistance for state, territorial, and large local government agencies, national organizations, and others.

Bill has worked in education and public health for 27 years, including service from local to national levels. He has worked with Federal agencies, national non-governmental organizations, and state governments nationwide to improve health and educational outcomes for children and youth.

# Keynote Speakers cont.

Bill holds Master of Science and Bachelor of Science in Education degrees from Missouri State University, and he has completed other graduate coursework at the Harvard School of Public Health and Kennedy School of Government. He has presented in 48 states and six other nations, and he has authored and contributed to a number of publications. Bill and his wife Susan have four children. Aside from his family, he lives for baseball season.

## Provider:

Provider: Missouri Coordinated School Health Coalition and St. Louis University, School of Nursing

## Co-sponsors:

Children's Trust Fund  
Columbia/Boone County Department of Public Health and Human Services  
Heartland Public Health Education & Training Center, St. Louis University  
KC Healthy Kids  
Midwest and St. Louis District Dairy Councils  
Missouri Association of Health, Physical Education, Recreation and Dance  
Missouri Association of School Nurses  
Missouri Department of Elementary and Secondary Education  
Missouri Department of Health and Senior Services  
Missouri Foundation for Health  
Missouri Kids First  
University of Missouri Extension  
The YouZeum

## Conference Goal/Purpose:

The goal of the conference is to present the most up-to-date information about effective coordinated school health programs. The purpose of the presentations is to foster and support learning, dialogue and collaboration that will improve the performance of practicing professionals working to impact the health, safety and well-being of children.

## Program Objectives:

At the end of this conference participants will be able to:

- Incorporate innovative strategies and information into school health practice
- Examine leadership skills needed in the school environment and broader community
- Extend knowledge of laws and policies affecting school health
- Formulate strategies to promote health in the school environment and community
- Suggest achievable partnerships to support health policies and programs
- Expand professional networks

## Lodging

Conference participants are responsible for making their own room reservations by calling the Lodge of Four Seasons Resort at 1-888-265-5500 or 800-843-5253 or 573-365-3000. A room block will be held until November 2, 2009. After November 2, 2009, rooms can be reserved on a space available basis only. The room rate is \$78.00 plus tax for single or double occupancy. The room rate applies 2 days before and/or after the official dates of the conference based on availability. In addition to the hotel accommodations, the Lodge of Four Seasons Resort has a number of two and three bedroom condominiums, ideal for bringing a coordinated school health team to the conference— school nurse, health teacher, food service director, counselor, etc. As an added bonus, the conference rate has been extended over the weekend if families want to come for holiday shopping, festivities, etc. on a space available basis.

# Pre-conference

## Thursday, December 3, 2009

11:30-4:30 p.m. Pre-conference and Conference Registration – 5<sup>th</sup> floor Atrium

1:00-4:30 p.m. Pre-conference Sessions

*Participants may choose one of the following:*

### 1. When to Share & What to Share: Client Confidentiality

*Tamitha Price, MSW, Executive Director, NASW-Missouri Chapter, Jefferson City, MO*

School social workers are the link between schools, family and the community. This hands-on workshop will prepare participants for the challenges of determining what information needs to be shared, with whom, and when as well as what information needs to be held in confidence to assure the best educational success for the students.

### 2. Stewards of Children: Adults Resolving Child Sexual Abuse in Communities

*Joy Oesterly, Prevention Director, MO Kids First, Jefferson City, MO*

*Stewards of Children* is a sexual abuse prevention-training program that educates adults to prevent, recognize, and react responsibly to child sexual abuse. Designed for organizations that serve children and youth, the *Stewards of Children* curriculum was developed by Darkness to Light, a non-profit whose mission is to reduce the incidence of child sexual abuse by shifting the responsibility from children to adults. The curriculum includes the “7 Steps to Protecting our Children,” evidence-based educational tool for sexual abuse prevention and a training program that integrates the principles of choice, consciousness, and personal power to promote an understanding of the nature and impact of child sexual abuse, and uses those principles to provide a context for empowered action.

### 3. Promoting a Coordinated Approach to School Health Programs

*Bill Potts-Datema, Chief, Program Development and Services Branch (PDSB), (CDC-DASH), Atlanta, GA*

The CDC encourages using a coordinated approach to school health programs to create and support a health promoting school environment. Starting with the child at the center, participants will connect each of the eight components of the coordinated school health program to experience the impact of a fully functioning coordinated school health program. Participants will also learn how to engage school and community members on the school health advisory council to affect policies that support a healthy learning environment.

### 4. Allergies, Anaphylaxis and Epinephrine Education for the School Community

*Christopher Weiss, Director, Legislative & Regulatory Research, The Food Allergy & Anaphylaxis Network, Fairfax, VA with Kathleen McDarby, St. Louis Children's Hospital, St. Louis, MO and panel.*

The number of students with food allergies is increasing. Participants will learn the elements of a comprehensive food allergy protocol and an innovative approach to working with schools in Missouri, spearheaded by St. Louis Children's Hospital. Parent representatives will present the attitudes and needs of students with food allergies.

### 5. Managing Students With Special Health Care Needs

*Cecilia Brower, RN, Lees Summit, Missouri along with other MASN members*

Learn how to identify student's health needs that require intervention during school hours, and how to apply the findings to the development of an Individualized Healthcare Plan (IHP) and Emergency Action Plan (EAP) for the student. The application of IHP's to 504's and Individual Education Plans (IEPs) will be discussed. Participants will work in small groups to develop IHP's and EAP's for some of the more common health concerns in school, such as asthma, seizure disorders and diabetes. They will also learn how to train, monitor and supervise other school personnel in delivery of care when delegation is appropriate; and continually evaluate the student's health status.

Dinner is on your own. HK Restaurant has moved inside the Resort and will take reservations.

# Conference

## Friday, December 5, 2009

7:00-4:30 p.m. Registration – outside Granada Ballroom

7:15-12:45 p.m. Exhibits – Granada Ballroom B & C and foyer

7:15-8:15 a.m. Continental Breakfast – Granada Ballroom B & C

8:15-8:25 a.m. Welcome and Sandy Mazzocco Scholarship Award– Granada Ballroom A

8:25-9:45 a.m. Keynote Presentation with Bill Potts Datema and Bill Elder – Granada Ballroom A

### What Does Health Have to Do with Academic Achievement? - A National and State Perspective

Bill Potts-Datema will present the current CDC/DASH projects and discuss the association between student health and academic achievement. Bill Elder will connect the latest OSEDA reported Missouri health data with the results from the Missouri School Improvement Program questionnaire to demonstrate factors that influence student achievement.

9:45-10:15 a.m. Beverage Break and exhibits – Granada Ballroom B & C

10:15-11:30 a.m. Concurrent Sessions: (please choose one session for this time frame)

### 6. Clueless – Teaching Activities For Sexuality & HIV/AIDS

*Marilyn Grechus, PhD, Central Missouri State University, Warrensburg, MO*

Hear what the State of Missouri requires to be taught about sexuality and HIV/AIDS, then learn a variety of activities you can take into the classroom Monday morning to be more comfortable presenting sexuality information and engaging students in their own learning.

### 7. Having a BALL in the Classroom

*Lynn Hagen, middle school teacher with the Columbia Public School District*

Learn the benefits, whys and how-to's of using exercise balls in the classroom as an aid to learning, especially for the kinesthetic learners. Additional ways to keep the students engaged will also be introduced based on successes and the science behind cognitive learning.

### 8. Key Steps – Achieving Asthma Control

*Ben Francisco, RN, PhD, Research Assistant Professor of Child Health, School of Medicine, University of Missouri, Columbia, MO and John Kraemer, PhD, Professor & Director, Environmental Analysis Center, Southeast Missouri State University, Cape Girardeau, MO*

Four key strategies will be presented for reducing asthma impairment among students – (1) FEV1 to assess airflow, (2) coaching to improve inhalation technique and medication effectiveness, (3) increased use of ICS and (4) trigger reduction, that can be used at home and at school.

# Conference

## 9. Kindergarten Farm Food Initiative and Eating from the Garden

Annette Triplett, MS – University of Missouri Extension, Columbia, MO and Karen Elliott, MS – University of Missouri Extension, Kansas City, MO

Learn how two pilot programs are connecting elementary school students to where and how their food grows. Fruit and vegetable snacks, trips to the farm, and planting and harvesting vegetables from a school garden bring taste experiences together with classroom lessons.

## 10. School-site Health Promotion Programs For Faculty And Staff

Carol Cox, PhD, CHES - Professor, Health Science, Truman State University, Kirksville, MO and Meredith Pettitt, BS, Health and Physical Education, Moberly Middle School, Moberly, MO

Your school district can benefit in many ways from a well-designed school-site health promotion program. Participants will receive support materials, resources, and advice on steps to create and implement a school-site health promotion program.

## 11. New Vision Screening Requirements And Guidelines in Missouri

Marjorie Cole, RN, MSN, State School Nurse Consultant, Missouri Department of Health & Senior Services; Deb Cook, RN, Nurse Coordinator, Kennett Public School District and Diane Herndon, RN

Hands-on practice of the new tools and protocols from the manual and guidelines for vision screening, developed by the Department of Health and Senior Services in collaboration with the Children's Vision Commission. This session will also cover referral recommendations and program evaluation.

11:30-12:45 p.m. Lunch and exhibits—Granada Ballroom B & C  
(Exhibits close at 12:45 p.m.)  
Lunch sponsored by the St. Louis District Dairy Council

12:45 – 1:45 p.m. Keynote Presentation – Barbara Flis

## Champions for Wellness – The Power of Partnerships with Parents

Barb's passion, humor and grass-roots experience starting out as "just a parent" in suburban Detroit, empower audiences to try her innovative ways to engage parents as partners on behalf of healthier kids. Her efforts focus on building relationships and trust between parents and schools. Barb will share stories, successes and frustrations that point to effective ways to partner with parents that will be a win-win for everyone – especially our children!

1:45–2:00 p.m. Movement Break

2:00-3:15 p.m. Concurrent Sessions: (please choose one session for this time frame)

## 12. Food For Thought: Food Allergies and Adolescents

Chitra Dinakar, MD, Professor of Pediatrics, UMKC School of Medicine and Children's Mercy Hospital & Clinics, Kansas City, MO

HB 922 requires Missouri schools to adopt a policy on allergy prevention and response to address potentially deadly food allergies. Recognize and diagnose food allergies; the need for educating adolescents with life-threatening allergies on prevention and management of allergic reactions; and effective strategies to manage food allergies

## 13. Free and Appropriate Public Education (FAPE) Section 504

Shawn Brice, Director of Special Needs, Missouri Department of Elementary and Secondary Education, Jefferson City, MO

Do you know the differences between Sections 504, the IDEA and the ADA? There are ramifications in this new law that affect food service, student disabilities, and employee rights. Participants will learn the information they need to prepare for and comfortably participate in Section 504 meetings.

## 14. Behavior Intervention in Your School and Community

Debbie Capra, MSW, LCSW, BIST Consultant, Kansas City and Helen Porter, EdS, MEd, Assistant Principal, Oakland Junior High School, Columbia, MO

Facing situations of abuse, drug/alcohol usage, homelessness, and/or lack of supervision, children are coming to school with more challenging behavioral problems. Participants will learn about an intervention strategy for dealing with troubled youth, Behavior Intervention Support Team (BIST), a confrontational model to provide every student with a safe and productive learning environment.

## 15. Protect Your Sex Ed Program With Parents

Barbara Flis, Founder, Parent Action for Healthy Kids, Farmington Hills, MI

Is it true that parents don't support sex education programs? In this session participants will hear stories of successful parent-led initiatives, identify strategies to increase communication with parents, learn techniques for re-framing issues that often lead to conflict and become skilled on ways to build support for programs that help student make healthy choices now and for a lifetime.

## 16. Active Living With Diabetes

Clay Moody, Physical Education Teacher, Salem, MO

Practical and useful information for classroom teachers, nurses and food service directors about food and activity management of diabetes presented by both a teacher and person living with diabetes.

## 17. Child Nutrition Programs and Reauthorization Act of 2009

Dana Doerhoff, Assistant Director, School Food Services, Missouri Department of Elementary and Secondary Education, Jefferson City, MO

Farm to school, breakfast, lunch, after school and summer feeding programs. Learn what's new with child nutrition programs and the changes from the federal and state legislation to bring more fruits, vegetables and whole grains to the school table.

3:15–3:30 p.m. Movement Break

3:30-4:45 p.m. Concurrent Sessions: (please choose one session for this time frame)

## 18. Emerging Infection Update

Eddie Hedrick, BS, MT(ASCP), CIC, Emerging Infections Coordinator, Missouri Department of Health & Senior Services, Jefferson City, MO

Get the latest information that school personnel need to know about the H1N1 flu.

## 19. Support Your Scope of Practice With A Nursing Portfolio

Marjorie Cole, RN, MSN, State School Nurse Consultant, Missouri Department of Health & Senior Services; Debra Funk, RN, MS, Practice Administrator, Missouri State Board of Nursing and Barb Spaw, RN, BS, District Nurse Consultant, Missouri Department of Health & Senior Services, Jefferson City, MO

Professional portfolios are a powerful tool with multiple purposes: documentation of professional competence, marketing or performance appraisal. The session will begin with an overview of the Missouri Nurse Practice Act, how to use the scope of practice decision-making diagram and then key components of a nursing portfolio. Examples will be displayed and sample forms suggested.

## 20. School Wellness Policies – Year 3

Mickey Belosi, Missouri Coordinated School Health Coalition, School Wellness Policy State Consultant, Jefferson City, MO

The Missouri Coordinated School Health wellness policy consultant brings lessons learned from her work with school districts throughout the state. Learn how you can use the latest tools to help you meet the challenges of wellness policy implementation and evaluation.

## 21. Childhood Injury Prevention: What Works and What Doesn't

Patricia G. Schnitzer, PhD, RN, Associate Professor, Sinclair School of Nursing, University of Missouri, Columbia, MO

Learn the significance of the child injury problem, the leading causes of unintentional injuries in children and evidence-based prevention strategies.

# Conference

## 22. **By Youth for Youth: Youth Approved STD/HIV Prevention Concepts and Tools**

Joel Jackson, Youth Advocacy Coordinator, Project ARK/Washington University, St. Louis, MO and Stephanie Washington, Youth Health Educator, Missouri Department of Health and Senior Services

The Missouri Youth Health Initiative involves youths throughout Missouri on Youth Advisory Committees to give advice about how to better serve youths and provide STD/HIV prevention education. Participants will learn how involving youths to give meaningful input about initiatives that affect them can lead to more effective programs and an increased sense of self esteem and self efficacy for the youths.

## 23. **Tools for Schools to Use in Mental Health Promotion**

Sheri Williams, RN, BSN, District Nurse Consultant, Missouri Department of Health and Senior Services and Linda Washburn, MS, Missouri Student Success Network, Jefferson City, MO

Enhance your ability to promote resilient children, strong families and healthy communities. This is a hands-on session. Participants will receive the Bright Futures in Practice: Mental Health materials and a collection of tools to share with families and community partners related to age appropriate social and emotional development

Dinner is on your own. HK Restaurant has moved inside the Resort and will take reservations.

## Saturday, December 5, 2009

7:30-11:30 a.m. Registration – outside Granada Ballroom

7:30-8:15 a.m. Continental Breakfast – HK Restaurant

8:30-10:00 a.m. **School Wellness Policies In Action: Café Conversations**

Have fun taking part in this fast-paced session that will keep conversations flowing about building support for school wellness policies. Participants will learn what is happening with school wellness policies in districts throughout the state and be inspired by the exchange of ideas during their active participation in three roundtable conversations with three different groups of people.

10:00 to 11:20 **We're All In This Together**

Learn from a panel of key school wellness policy partners – a principal, school food service director, school nurse and physical education teacher – as they share their stories of successes and challenges while implementing school wellness policies.

11:20 to 11:45 Adjournment (wrap-up and door prizes) – Granada Ballroom

## Conference Essentials:

Since the conference is held in December and the temperature in different meeting rooms tends to vary, it is recommended that you dress in layers in order to accommodate the variance in temperatures and for your comfort. Also, please remember to bring note-taking materials and a writing instrument.

## ADA:

If you have any disability that requires special materials or services, contact Ken Steiner, Conference Coordinator, at 573-442-2963 or 573-489-0622 (cell).

## Emergency Calls:

Emergency calls during the meeting should be directed to 573-365-3000 and ask for the Coordinated School Health Conference Registration Desk.

## Continuing Education Credits:

**Nursing:** Saint Louis University School of Nursing is an approved provider of continuing education by the Missouri Nurses Association, and accredited approver by the American Nurses Credentialing Center's Commission of Accreditation. CEU's for this conference have been applied for, but the award is pending. Details will be announced on the MCHSC web site at [www.healthykidsmo.org](http://www.healthykidsmo.org), as soon as they are awarded. **There is a \$25 fee for these CEU's, which can be paid at the time of registering (will be refunded if CEU's are not awarded) or at the conference.** St. Louis University will send a certificate 4 to 6 weeks after the conference.

**Social Work:** Application has been submitted to the NASW-Missouri Chapter and is pending for pre-approval of Social Work clock hours. Details will be announced on the MCHSC web site at [www.healthykidsmo.org](http://www.healthykidsmo.org), as soon as they are awarded.

**CHES: Health Educators:** Application has been made for up to 10.25 hours of Category I Certified Health Education Specialist (CHES) credits for the pre-conference & the conference. Each professional should only claim the hours or credit that he or she spent in the educational activity. The cost is \$2 for every hour of credit earned. Checks should be made to MO Public Health Association Foundation.

## How to Register:

Registrations can be made via online, mail, phone, or fax. **Purchase orders are not accepted.** No matter which registration method used, in order to be considered for the early bird discount fee, payment MUST be received by MCSHC before the November 7<sup>th</sup> date.

- \* **Online:** Participants are **strongly encouraged** to use MCSHC's online system for registration at [www.healthykidsmo.org](http://www.healthykidsmo.org). The MCSHC online system will allow the participant to pay immediately by credit card or Paypal, or to be billed by email. If the participant chooses to be billed, he or she will receive an email invoice with instructions for check payment. Your registration is not complete until payment is received in full. **All checks must be received by November 7<sup>th</sup> for the early bird registration fee.**
- \* **Mail:** Individuals may complete the registration form and mail it with payment to Missouri Coordinated School Health Coalition (MCSHC), c/o Steiner and Associates, 501 S. Cedar Lake Drive, Columbia, MO 65203
- \* **Phone/Fax:** Individuals can register by fax at 573-875-8158 or they may register by phone by calling MCSHC's conference coordinator, Steiner and Associates, at 573-442-2963 or 573-489-0622.
- \* **Purchase orders are not accepted.**
- \* If you register by mail, phone, or fax, your registration is not complete until payment is received in full.
- \* Duplicate receipts will be issued until December 31, 2009, for a fee of \$3.00 per receipt.

For additional information or conference questions, call Ken Steiner, Conference Coordinator, at 573-442-2963 or 573-489-0622.

## Sandra Nichols Mazzocco Coordinated School Health Scholarship

Those interested in applying to be considered for the Sandra Nichols Mazzocco Coordinated School Health Scholarship may do so by visiting the MCHSC web site at [www.healthykidsmo.org](http://www.healthykidsmo.org), downloading the form and sending it to the address listed on the form by the deadline date.
